PONDERS ON BEING THE VICTIM OF WAR CRIMES**

1. WAR CRIMES NEED NOT BE ORDINARY PHYSICAL CRIMES

I am a victim of meta War Crimes of Bill Gates who is a born savage barbaric war criminal. These are not ordinary physical crimes. They are power-crimes exceeding the international and national American laws in exercise of illegitimate powers to harm my physical body. Bill Gates used (a) US Industrial Power, (b) US War Power, (c) White Racial Power, (d) European Black Magic Power forbidden in thirteenth century directly against me to harm my (a) finances, (b) career, (c) life, and (d) body. The full scope of this harm is known to Harvard Board, United Nations Human Rights Council, and United States Government.

Bill Gates cut into my *Deep Interior* and violated me sexually as well as in all possible ways following his white supremacist racial agenda.

In terms of human nature, war criminals like Bill Gates fall far outside the ordinary development of the psyche in humans; human beings are mostly an *Angelic Race* and Bill Gates is extremely evil and beyond the bounds of ordinary human development.

I am not interested in these outlier cases, and I am not fascinated by criminal psychology. I implore the United States Government to do its Constitutionally mandated duty and eliminate and neutralise this enemy of the American people as quickly as possible since his mindset is geared towards violation of natural rights of people and he will continue beyond harming me.

Bill Gates is a total outlaw who does not "kowtow to United States Law". I implore the United States Government to totally eliminate and destroy Bill Gates as enemy of the state and keep its promise to all Americans to keep the people safe from these malevolent evil determined and deliberate criminals such as Bill Gates.

**2. HARVARD BOARD YOUR DELAY IN FUNDING ME WILL CAUSE MY FAMILY
ENORMOUS DISTRESS**

My brother was in the Baylor Medical Center Emergency and I was unable to provide him with a Lyft ride because the cost began to be too high after a couple of misses. These will exacerbate and you ought to take some responsibility for this for your funding is an obvious decision and you are unable to provide me with funding for a good legitimate project at good cost. Why don't you do this funding. I will be grateful for your humanistic considerations on this matter. I deserve the funding, and Bill Gates' obstructions are without merit.

Date: April 29, 2022.

3. HARVARD COULD PAY ME \$100 MILLION AND GET MY ENTIRE LIBRARY OF BOOKS

You do not need to take my physical books. Amazon has a full list of all books I bought and Harvard can pay me \$100 million and then subtract off the cost and order them at Amazon as a favour to me right now. They represent my total taste in reading roughly.

4. MY CHESS RATING STEADY AT 1485

I want the world to understand that I am in sound mind when I know what sort of Bill Gates is from first hand experience as an organic man subject to his exercise of power using White Supremacist tools for harming my Deep Interior with war crimes committed in various ways.

5. I AM NOT WILLING TO BE A SAINTLY MARTYR

I don't understand why the United States Government would not simply destroy Bill Gates rather than ask me to be a saintly martyr. If United States Government cannot nab and destroy Bill Gates then it should not exist at all for it is violating the US Declaration Preamble just collaborating with Bill Gates alone.

6. IF I DIE BILL GATES IS THE MURDERER

I have said this in earlier writings. I am deeply hurt by Bill Gates power maneuvers and find ordinary life impossible and cannot breathe or sleep freely. I want the world to hold Bill Gates responsible for my murder if I should die.

7. GOOD IDEA US GOVERNMENT USE YOUR POWER IN MY DEEP INTERIOR TO REPEL BILL GATES

United States Government you are right that Bill Gates invading my Deep Interior is a national emergency and I don't want to die. Use your powers in my Deep Interior and everywhere else to repel and neutralise Bill Gates.

Yes I am deeply fearful that I might die from the various powers that Bill Gates had employed against me and I feel them in my body causing harm every day. This is not amusing to me.

Bill Gates and only Bill Gates is my murderer if I should die.

8. HARVARD BOARD OUGHT TO PUT IN MONEY SOON

I know from meta that Bill Gates is willing to do any war crime without constraint to deny success of any type to me because I am not white. If Harvard Board does not put in money to my bank account acknowledging at least my original discoveries that are of eternal validity both in theoretical physics and in human nature, then Harvard Board will be caught in the circle around Bill Gates of extreme racial antagonism and lose reputation as a result around the world.

9. WHAT IS STOPPING YOU HARVARD BOARD?

I do not understand what is stopping you from putting \$100 million in my Wells Fargo account in exchange for the titles of my entire personal collection of books which are recorded by Amazon. Why don't you do this transaction today?

10. MY DISCOVERIES REQUIRED GREAT SACRIFICES

Between 2008-2022, fourteen years, I had been working on things without serious compensation for the benefit of human race. And so it is not honourable for Harvard Board to delay coming to my aid and do a \$100 million transaction for my private collection list or \$80 million for my company idea. I appreciate that Bill Gates could derail the latter for he has undeserved power in US Industry but the former could be done immediately.

11. BILL GATES IS A MAJOR ELEMENT IN ANTI-ASIAN SENTIMENTS IN AMERICA

To all whom it concerns, this Bill Gates is a major anti-Asian force in America who needs to be brought to justice. I know because I have been his victim directly. Now we see anti-Asian attacks in New York City. The problem ought to be addressed from its roots.

12. HOW DO I MAINTAIN UNCOMPROMISING CONVICTIONS REGARDING LOFTY PRINCIPLES?

I have uncompromising convictions regarding some lofty principles such as universal human nature and universal natural rights security. I think the secret here is confronting one's mortality. Once death is accepted and not repelled, there is less motivation to have uncompromising convictions based on 'temporal' principles which do not seem solid enough to reinforce our fleeting life beyond having had a fleeting life. Uncompromising convictions then naturally raise higher to eternity and to loftier climes.

13. D. E. SHAW COULD BREAK UP MONEY AS FOLLOWS TO AVOID BILL GATES POWER

D. E. Shaw could buy me some property in San Francisco themselves and put the rest in a Wells Fargo account tied to my credit card. That way large transactions will be minimized and Bill Gates forbids will not be triggered at all.

14. JOSEPH CAMPBELL'S 1969 ESSAY "ZEN"

While reading the 1969 essay "Zen" of Joseph Campbell, there is an analogy of people with light bulbs. He says that in people the quality of consciousness is what matters. This is quite valuable. I take seriously that there are some people whose consciousness is such that they can move nations to a better world for all. Whether it is the quality of their consciousness that allows this or not, it is worthwhile trying to understand the phenomenon. The issue is to uplift and improve the condition of the entire human race. It is still a mystery what properties allow this possibility.

There are many theories about 'higher consciousness' but it is still unknown whether any of them are concretely right. The various ideas include Zen or Mahayana Buddhist tradition, but the concrete proof is whether these methods lead to transformative improvement of the whole human condition by the various ideas and action that results from the methods.

15. D. E. SHAW DISCOVERS BILL GATES RUINED MY FUND MANAGER META

D. E. Shaw reports in meta that Bill Gates had ruined my fund management meta even though he is totally incompetent in Finance. This is a grave insolence that cannot go unpunished. I beseech all of Finance to come together and punish this insolent and horribly lawless Bill Gates.

16. D. E. SHAW I NEED THIS MONEY

D. E. Shaw do not delay and get me access to the money from my Wells Fargo bank infrastructure. I was nice and did not litigate for it. You should repay the favour now. It's been more than a year that you had benefitted from my work too. It's high time I see desperately needed money. Give me all \$120 million please.

17. GOVERNMENT SHOULD ELIMINATE BILL GATES TOTALLY

Bill Gates severely damaged my livelihood in Finance and I cannot concentrate on work at all and suffer intolerable pains. This Bill Gates does not deserve to be alive at all. United States Government ought to destroy him.

18. I DEMAND JUSTICE AGAINST MALEVOLENT ACTS OF BILL GATES

I have a bedridden mother and three siblings all of whom are looking to me for some financial support and relief. The malevolent acts of Bill Gates put my entire family in grave danger. The man is a war criminal par excellence and I demand restoration of all that he has destroyed in my life that is by meta power exercise.

19. D. E. SHAW OWES ME \$120 MILLION FOR MEDIUM FREQUENCY
STRATEGY AND META SALES

D. E. Shaw is trading a modified version of my Medium Frequency Alpha strategy where the primary discovery of pure arbitrage was my work and I also provided them with clients. India put in \$4 billion and Bill Gates put in \$2 billion. I have not receive any compensation from them after a year. I have had a patient outlook, expecting them to find some way of delivering my compensation against obstruction by Bill Gates but I did not see any serious effort by them yet. The only serious effort would yield the money in my bank.

20. UNITED NATIONS HUMAN RIGHTS COUNCIL CONSIDER

United Nations Human Rights Council consider found that Bill Gates had revealed to David E. Shaw his intention to murder myself, Zulfikar Moinuddin Ahmed.

21. ZULF IS GRATEFUL TO HARVARD AND STANFORD LAW

I am grateful to Harvard and Stanford Law for seeing that I am speaking the truth and that Bill Gates has total contempt for American Law and has violated it as well as international law in his efforts to destroy my life and livelihood out of irrational hatred for success of an Asian-American. He represents the same strain of racial hatred that animates the anti-Asian hate crimes in New York and elsewhere.

22. SAINTHOOD IS FINE

Harvard and Stanford Law, Sainthood is fine, as I consider myself akin to Saint George and the Dragon from Medieval European imagination, but I need justice versus Western norms and laws here. Bill Gates had exercised enormous illegitimate powers in my Deep Interior with enormous destruction towards all my personal meta and destruction as well to my Ancestral meta of three millenia which is frankly worth more than his entire net worth.

23. HARVARD AND STANFORD LAW SHOULD SOUND THE ALARMS

It is very important that regardless of whether you can ensure my just compensation of \$120 million from D. E. Shaw obstructed by Bill Gates that you sound the alarms to the world that Bill Gates is a verified hateful racial murderer since this will affect the entire world order.

24. PUTIN CALLS WEST 'AN EMPIRE OF LIES'

Why don't people prove Putin wrong and show that America and the West are not an "Empire of Lies" by exposing Bill Gates as a racial murderer who lives by principles that are totally anti-American?

25. THERE IS NO WHITE PRIDE IN CRIMES AGAINST AN ASIAN-AMERICAN

Bill Gates touts his horrible and illegitimate harm to my eyes, including collapsing my Finance career meta and using heavy meta in my eyes after massive destruction to my private meta, as a matter of white pride. However, these are war crimes, and obstructing and destroying my life and livelihood transgressing into my private meta and occupying it claiming white right of conquest is no matter for any white pride at all. Rather it is a shameful denigration of white pride.

26. EMANUEL MACRON'S VICTORY SIDELINES FAR RIGHT IN INTERNATIONAL POLITICS

I am facing survival problems personally as Bill Gates has blockaded my legitimate income and livelihood with enormous resources on his side. But his decision is driven by ultra-far-right racial hatred sentiments, and I am most pleased to see that Macron has won against Le Pen in French elections. There will a turning tide against the side whose fringe-extreme is represented by Bill Gates.

Bill Gates is of the opinion that he can produce a secret white supremacist rule of the world presumably with him holding absolute power. The world has evolved too much, and especially the mature multi-ethnic democratic republic of America for this to lead to success against the popular opinions – he represents at most 5% of the American whites. But he can successfully destroy one man's life in the process. And that is my life. I request Harvard Board, Harvard and Stanford Law, and all institutions of Civilisations to prevent threat to my life in Bill Gates illegitimate bid to rule the world with illegitimate and inappropriate application of commercial powers he had gathered by deceiving the world regarding his actual political stripe.

27. BILL GATES' DECEPTION OF FOUR DECADES DIRECTLY HURT ME

Bill Gates' hidden ultra-right-extreme political project is now seeking a casualty, i.e. yours truly is his victim. For my religious faith it is important that I announce this danger to the entire human race, so my destruction is not in vain and others of the human race can fortify against this gravest of threats to your Life, Liberty and pursuit of Happiness. I do not deserve this at all, to be a victim of a monster with all that I have done for my beloved people. Regardless, I beseech all people of Earth to bring this deceptive monster whose "PR" is pure fabrication and take my warning to heart.

28. MY DUTY TO THE WORLD IS TO WARN ABOUT BILL GATES

My Conscience is clear, and I want to ensure that my warning to the human race is registered. I might perish in the absence of funding from D. E. Shaw and Harvard Board. They might frivolously delay misunderstanding the enormous importance of my revelations regarding the threat to the world that Bill Gates represents. I want to ensure that the world understands that I am not pleased with the sacrifices one has to suffer when doing what is right by the entire human race. And yet I know that I must do these to preserve my great Conscience. In a better world, a threat of this enormity as Bill Gates could not exist. Alas we are in the world that exists and not in a better world.

29. THE TWO BOOKS ON MY CURRENT READING LIST

One is Thomas Bernhard's *Wittgenstein's Nephew* and the other is Joseph Campbell's *Myths To Live By*. I had read both before with relative little care, and I am having difficulties concentrating on them because of stress caused by all the horrible effects of Bill Gates' power maneuvers targetting me personally.

Despite the problems surrounding Joseph Campbell, and there are many problems, there is little doubt that his genius in understanding some aspects of human

nature is profound. He points out that what is important that we seek is the experience of being alive. He says that myths are clues to the spiritual potentialities of human life. This is bright, and I agree with him here.

30. BILL GATES OCCUPYING MY DEEP INTERIOR

It is impossible to describe the disgusting and intolerable sufferings I am subject to with Bill Gates occupying my Deep Interior. He should be exterminated and destroyed by United States Government as a disease.

I don't see much difference between a sordid war criminal like Bill Gates occupying my deep interior and a fatal neurodegenerative disease.

31. HARVARD BOARD AND D. E. SHAW SHOULD DELIVER \$120 MILLION OWED TO ME

I am in an extremely precarious situation because it is unclear to me how long I can survive Bill Gates refusing to leave my Deep Interior. I deserve to have the money I have earned be delivered to me otherwise eventually the poignant tragedy will show the hollowness of principles of Western Civilisation that will have enormous consequences for the future of the world.

32. OCCUPATION OF AN INDIVIDUAL'S DEEP INTERIOR IS EGREGIOUS VIOLATION OF NATURAL RIGHTS

I would like to point out the fairly obvious fact that occupation of anyone's Deep Interior – as Bill Gates has done with me – is a deep transgression and violation of my natural rights, which are sacrosanct by Constitutional mandate in America and also by international law. Bill Gates is a significant war criminal who must not be allowed to have any position in US Industry at all.

33. THE SHARP STUDY OF POSITIVE PSYCHOLOGY AND MYTHOLOGY IS STILL IN THE FUTURE

It dawns on me that *Positive Psychology* is a powerful center from which we can begin to understand world's myths in a precise manner one day. I am influenced here by the intelligent considerations of Joseph Campbell who justly deserves credit for exploring comparative myths and attempting to relate them to enhancement to life. My own contributions has been to the Virtue-Eudaimonia theory and their universal truth. I see for example the extremely poignant reading of the myth of Saint George and the Dragon in my own conflict with Bill Gates.

34. JOSEPH CAMPBELL ON GOD AND NATURE

Joseph Campbell points out that American religion inherits from Christian roots the idea that God is separate from Nature and Nature does not contain divinity and God is separate from Nature. I start to realise that my particular awe and veneration of Nature, something that I had been considering a view of a scientific purity, also is resonant to the 'nature religions' which do not consider Nature to be fallen but considers the divinity within nature. I do tend to think of the division of knowledge in terms of Man and Nature like the Enlightenment thinkers of the eighteenth century.

35. I MARVEL AT THE WORLD

I marvel at the world where an immortal genius who has sacrificed many comforts for a decade to bring to his people deepest knowledge of Nature, of human nature too, is not rewarded with justly deserved honours and other fruits of labour, but is abandoned to the wiles and horrors of one of the most deceptively evil men on Earth, Bill Gates. Never in my life had I anticipated this as my fate.

36. I DON'T YEARN FOR A LUXURIOUS LIFESTYLE HARVARD BOARD

I believe in a tasteful but relatively frugal lifestyle that is not poverty-stricken and miserly and that is not ostentatious and gaudy. For this a \$2-3 million residence in San Francisco is adequate. Now the current condition I am facing, extremely menial disability income so that I cannot afford good housing and staying on the beneficence of family members and disturbing their lives is too much. You should have some respect for the great discoveries I have made and ensure that I receive just compensation of \$120 million from D. E. Shaw & Co. for work that is earning them good profits. I don't think this is too much to ask. I am surprised that you have not already made arrangements for me. I deserve to be valued for my immortal genius work.
